

Joslyn Recreation Center newsletter for February, 2022

Howdy JRC folks,

February 2022 – Joslyn Recreation Center Update

As with many other aspects of life these days, the Joslyn Center is off to a slow but steady start to 2022. Hopefully more people will be willing to support the JRC through annual membership dues even as they await the opportunity to use the facility in ways they have in past years. So far, about 150 people are paid up out of around 350 members last year with closer to 500 as the historical average. When you're ready to renew, visit Karren in the office with a check or cash, drop a check in the U.S. Mail or in the gold mail slot near the conference room door, or go online (<http://joslynrec.org/>) to use PayPal/credit cards.

In other news...

Facility Updates

Some notable work done in the last month or so includes: The men's room has two functioning urinals now ;-), the county has replaced the three furnaces that heat the main hall, rest rooms (I hear there is actual warm air flowing into the lady's room now!) and conference room plus all thermostats in the building and they made some upgrades to the janitor's closet while they were there (e.g. new floor). We are awaiting replacement of one of the men's room faucets. The county has been contacted about soil mitigation that is needed at the back of the facility (by the Lawn Bowls storage shed).

Club Updates

From **The Investment Club**: We remain active and vibrant, though meeting via Zoom pending relief from the mask mandates.

From **Poker Club**: if you have a grasp of Poker come join us for some fun! Thursday evenings at 6:15P in the Conference Room is "Dealer's Choice" with either \$5 or \$25 buy-in, you choose which table to play. Our February Tournament will be Saturday FEB 12 at 6:15P in the Main Hall of JRC; initial buy-in = \$20 and re-buys for a limited time; game is Omaha 8. Questions, contact Manya Brett manyabrett@gmail.com or 805.927.5000 cell/text.

From **Mahjongg**: We are still active and playing Mondays 1 to 4 PM. Newcomers are welcome. We teach hands-on during our play times. It's a great fun group and it's growing. Come and join the fun.

The **Couples Dance Club** does not have any dances scheduled at the present time. However, we are closely monitoring the COVID-19 situation. After the mask requirement

is dropped, dances will resume if the virus is more under control and there is enough interest by the membership. In the meantime, we are investigating temporary alternatives, such as venues for outdoor dancing.

From **Cambria Chorale**: Due to the continuing mask requirement and the contagion of this virus, we're unfortunately postponing singing again. We are hoping that the day will come soon when masks will not be required and we'll be able to meet again.

Stay well - cheers until next month,

2022 President Mark K
