

Greetings,

October 2022 – Joslyn Recreation Center Update

As October arrives, we did get some much-needed rain and scarecrows have made their annual appearance. The board will be working in the coming weeks on content for the November 10th at 10am general JRC meeting; namely a 2023 budget and slate of executive board candidates.

The one remaining position that we are looking to fill is the 1st Vice President. The role is largely an opportunity to learn about the organization providing backup to the President and training to take on that spot someday. The executive board member descriptions, including 1st V.P., can be found on page 2 of our [bylaws](#). Please let me or Karren know if you have interest or questions about serving on a future JRC board.

Facility Updates

For those of you that like “good news/bad news” stories – the County did show up to work on the area behind the center. They installed rain gutters on our attached storage shed buildings and replaced the retaining boards holding the earth up back there (good news). Unfortunately, the retaining boards were not put in deep enough and there was a corner left disconnected from the actual retaining wall behind the lawn bowls green. That resulted in much of the dirt in the area escaping into the culvert (under and between various boards) with the recent rains (bad news). They have assured us that they will be coming back to augment their work and make it right but we don’t have a date yet.

Club Updates

From **Spirit Dance and Drum**: We will be holding a FULL MOON DRUM CIRCLE on October 10th, starting at 6:30 p.m. People are encouraged to bring drums or rhythm toys if they have them, snacks and/or beverages if they want them and friends who would like to participate. Some extra drums will be provided to play and may also be purchased. We would ask that those attending be vaccinated and bring a donation (of any amount) for the Center, if you are able. This monthly event has been ongoing since the '90's, but it requires no previous experience to connect and have a great time. This Circle is founded and facilitated by Francesca Bolognini. For more information, call 805-927-5528.

From **Bridge**: Anyone interested in bridge is welcome at our Tuesday bridge group. We have fun playing every Tuesday afternoon starting at 1PM. For more information contact Harriett Hankins at 805-203-5219.

From **Poker Club**: Come join us for our October Poker Tournament on Saturday, October 15th at 6:15P in the Main Hall at Joslyn. Game will be Omaha 8, with initial BuyIn = \$20 and ReBuys = \$20 (for a limited time). It's an evening of competition & fun! Remember, we also meet every Thursday evening at 6:15P in the Conference Room for "Dealer's Choice" poker; there is a \$5 or \$25 table for you to choose from. Questions? Contact Manya Brett 805.927.5000 cell/text.

The **Fishing Club** participated on one of the floats in this year's Pinedorado parade:

Enjoy your October,

2022 President Mark K
